

# Twenty Thousand Dollars to Make America Honey Conscious

- Twenty thousand dollars will work for us, day by day, through the entire year of 1941, creating demand for honey, making sales easier for us all. This issue gives the story. See what is being done. Read pages 544-551.
- Do you want the other fellow to carry your share of the load and do your job for you? Every fair minded beekeeper will take his coat off and co-operate to help raise this fund.
- Do your share. Every dollar you invest will bring ten dollars and more in publicity for honey and will mean readier sales and increased honey prices.

## PLEDGE YOUR CONTRIBUTION NOW!

I believe in American Honey Institute. Thus I pledge to send annually a membership of \$ ..... (based on \$1 per ton of honey produced.)

Name .....

Address .....

Suggested basis for contributions—\$1.00 per ton of honey produced or sold.  $\frac{1}{2}$  of 1% of sales of bee supplies, or of bees and queens.

Volume LXXX

## INDEX

1940
